Nlets is a 50 year old not-for-profit with a business model for the interstate exchange of criminal justice information for justice and public safety professionals and a new and growing business model reaching more customers in both the governmental and private sector with over 2.1 billion messages exchanged in 2018. We are seeking a highly skilled and enthusiastic individual, but even more importantly someone who is enthusiastic about using their hard won skills making a difference; making America safer; catching the bad guys and keeping law enforcement officers safe in both the US and Canada.

The Associate Accountant is a key member of the Nlets team. This position supports the Company by processing, maintaining, and reporting financial and accounting information related to the Corporation, including purchasing, payables, receivables, cash, account reconciliations, assistance with budget and audit preparation, and interaction with vendors and customers. This position also ensures that contracts are administered and maintained in a timely fashion according to Company policy and legal requirements.

**Key Areas of Responsibility:**

- **Accounts Payable** – Processes A/P invoices and prepares payment for approval/signature. Reviews recurring vendors for missing invoices. Tracks A/P aging and interfaces with vendors to resolve any issues.
- **Accounts Receivable** – Records monthly customer invoices and oversees A/R entry. Tracks A/R aging and work with management and customers regarding past due balances. Prepares monthly reports showing status of delinquent accounts and tracks collection efforts for Senior Management. Prepares correspondence on delinquent accounts requiring special handling. Researches disputed delinquent account balances, correcting any errors, including misapplied payments, direct deposit errors, or overpayments.
- **General Ledger Accounts** - Reconciles monthly bank statements and petty cash receipts. Prepares supplemental schedules for annual audits.
- **Reconciliation** – Compares and reviews posted billing/invoicing, payables and receivables against associated ledgers. Reconcile all assigned GL accounts.
- **Cash Management** – Interface with financial institution; Monitors cash flow between various bank accounts. Processes cash receipts for receivables including posting checks received daily to aged trial balance to maintain a running record of unpaid invoices
- **Audit** – Assists with preparation of information and documentation for annual audit, and interacts with auditors.
- **Correspondence** – Drafts letters to customers, as well as vendors, regarding routine or non-routine issues. Examples would be letters informing of rate increases, the dissolution of a contract, collection efforts, and any other correspondence needed to run a smooth operation
- **Vendor/Customer Contact** – Interfaces with some vendors on new contracts as well as the larger recurring ones
- **Sales and Use Tax Monthly Reporting** – prepare monthly return, reporting vendor invoices with no sales tax to calculate and pay use tax Analyze project needs/requirements and recommend systems to enable enterprise integration of network systems and hardware
- **Fixed Assets** – Receive, tag and input assets and start date for depreciation into Fixed Asset module.
